

Sports Premium Funding 2020-21

There are 5 key indicators that schools should expect to see improvement across. The Sports funding should contribute to each of these indicators...

1. The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school

2. The profile of PE and sport is raised across the school as a tool for whole-school improvement

3. Increased confidence, knowledge and skills of all staff in teaching PE and sport

4. Broader experience of a range of sports and activities offered to all pupils

5. Increased participation in competitive sport
