

Our Lady of Perpetual Succour Catholic Primary Academy Pupil Premium Strategy Review 2020-21

At Our Lady of Perpetual Succour Catholic Primary Academy we receive additional funding to spend in a way we think will best support raising the attainment and diminishing differences for our most vulnerable pupils. This funding is called Pupil Premium. It is calculated on the number of pupils who have been registered as eligible for free school meals in the last 6 years.

Summary of the main barriers to educational achievement faced by eligible pupils at school.

1. **Attendance and Punctuality** – A small proportion of pupil premium children require additional support to main good attendance above 96% and to also ensure they come to school on time.
2. **Behaviours for learning** – A small proportion of our PP children have difficulty with managing their emotions & feelings
3. **Low Learning and Attainment** – Sometimes attributed to children also having SEND
4. **Speech and Language upon entry to school** – A greater proportion of our pupil premium children require speech and language support when they enter school.
5. **Parental Involvement** – To build positive parental relationships and encourage a partnership in learning engagement across school
